Health Office Hints

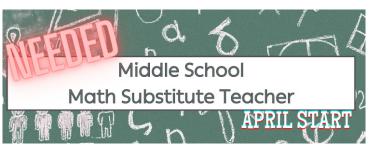

- A big **thanks** to parents for taking the time to send in current physicals on your children. This helps us not only satisfy regulations, but better care for kids with this historical information and background on file.
- The sun has been shining more this past week, and I have been seeing classes go outside during recess for fresh air and sunshine which, not only gives us vitamin D and helps slow the winter germ- sharing but, puts people in a generally better mood. This is a good time to remind our kids to always wash their hands before eating, and to do the "vampire cough" coughing into their elbows instead of hands.
- Does your middle or high schooler struggle with feeling down and tired, even if they aren't ill? Consider cleaning up their "Sleep Hygiene." Sleep Hygiene is a term for a behavioral practice that helps promote normal sleep and treat insomnia. Sleep hygiene may include adding daytime exercise, going to bed and waking at the same time, (even on weekends), limiting caffeine, not eating a big meal close to bedtime, and refraining from exposure to light in the hours before bedtime, including light from digital screens. Some cell carriers give users the capability to limit texting, apps or web browsing during certain hours, affording parents the ability to limit their teen's screen use at bedtime.

A discipleship program for High School and Middle School athletes in WNY

REGISTER NOW

March 5- June 13

When you register for <u>Training Camp</u>, you will be placed in a "huddle" with athletes from your school district or geographic location and will meet with them in person on the weeks we do not have an "all-athlete" gathering. Athletes will be given chances throughout the program to win special prizes (Bills tickets, signed gear, drones, gift cards, swag, etc.) for completing specific discipleship challenges. This year, FCA will read the books of Acts, Romans, and John through the exclusive FCA YouVersion Bible Plan.
