CCA Student SHOUTout

CCA is so proud of our very own Krista Zumaeta, grade 9. Krista auditioned for the New York State School Music Association Zone I Area All State Festival in June and was chosen in September! She participated in the All State Music Festival this weekend. This is quite the honor as only 12 string players from Erie County were chosen for Zone I All State this year, and only 5 of them were Violinists!! WAY TO GO KRISTA!!! So proud of you!!!

High School Choir is pleased to announce that Ava Lewandowski (pink dress in left photo) and Evangeline Ren (purple shirt in right photo) were nominated to participate in the Buffalo State Honor Choir the last weekend of October! Great job ladies!

Deborah Chung, professor in the Department of Mechanical and Aerospace Engineering, has published a new book on the path to success in research and academia.

The book, “The Road to Scientific Success: Inspiring Life Stories of Prominent Researchers: Volume 3,” shares the journeys of prominent researchers who overcame various challenges to achieve scientific notoriety. “The book is unique in its emphasis on the road to scientific success rather than the science itself,” says Chung, who has edited each of the volumes, with the first published in 2006.¹

Read more about Dr. Chung and her achievements [here](#).

Published in June, the book is available through World Scientific, [Amazon](#), and Rakuten Kobo.
